MESSAGE FROM THE PRINCIPAL

It gives me immense pleasure to welcome all the delegates, esteemed dignitaries, faculty members and participants to the Model United Nations (MUN) at JMD World School.
MUN is much more than an academic simulation; it is a platform that nurtures young minds to think critically, articulate their ideas confidently, engage in meaningful dialogue and develop a deeper understanding of global issues.

It encourages students to step into the shoes of world leaders, appreciate diverse perspectives and explore diplomatic solutions to the challenges confronting our world.
At JMD World School, we firmly believe that education goes beyond textbooks and examinations. It is about nurturing responsible, compassionate and enlightened global citizens who possess the courage to question, the wisdom to listen and the ability to lead with integrity. MUN provides our students with a valuable opportunity to strengthen their research, negotiation, collaboration and leadership skills while embracing the values of peace, tolerance and mutual respect.
I encourage every delegate to participate with enthusiasm, uphold the spirit of diplomacy, respect differing viewpoints and remember that the true essence of leadership lies not merely in speaking persuasively but also in listening thoughtfully and working collectively towards solutions.
May this MUN be a meaningful and enriching experience, inspiring our young delegates to become confident voices for positive change and responsible leaders of tomorrow.
Let us debate with purpose, deliberate with wisdom and work together for a better world.

I wish all the participants a stimulating, productive and memorable MUN experience.

Warm regards,
Ms. Malika Arora
Principal

MESSAGE FROM THE MUN COORDINATOR

Dear Delegates,

It gives me immense pleasure to welcome you to TARANG MUN 2026 at JMD World School, Kanpur—an endeavour that brings together not merely young minds, but diverse convictions, competing perspectives, and the promise of meaningful dialogue.

The true spirit of Model United Nations lies far beyond the eloquence of a speech or the precision of a well-researched argument. It reveals itself in the ability to engage with ideas that unsettle our assumptions, to articulate disagreement without diminishing respect, and to recognise merit in a perspective different from our own. Such experiences do more than sharpen our intellect; they cultivate discernment, intellectual humility, and a deeper appreciation of the complexities that shape our world.

As you step into your respective committees, I encourage you to bring more than preparation and persuasion to the table. Bring the courage to question, the composure to reconsider, and the openness to let a compelling argument refine your own. Let your interventions be purposeful, your negotiations thoughtful, and your conduct a reflection of the principles you seek to uphold. Remember, the strength of a delegate is measured not merely by how convincingly they defend a position, but also by how thoughtfully they engage with the positions of others.

To every participant, I hope this conference offers the rare satisfaction of being intellectually challenged, the confidence that comes from finding your voice, and the quiet realisation that growth often begins where certainty ends. May you leave with more than resolutions drafted or accolades earned—with perspectives broadened, convictions examined, and conversations worth carrying beyond these two days.

At TARANG MUN 2026, may the exchange of ideas be as enriching as the pursuit of consensus, and may every delegate find not only an opportunity to be heard, but also a reason to listen more deeply.

I look forward to welcoming you to an engaging, thought-provoking, and truly memorable conference.

Warm regards,
Mr. Abhay Tiwari
MUN Coordinator
JMD World School, Kanpur

MESSAGE FROM THE MUN CO-COORDINATOR

"The world is shaped not merely by power, but by the ideas, negotiations, and choices that determine how power is exercised."

Dear Young Diplomats,

From the evolution of political institutions to the complexities of contemporary international relations, history reminds us that the course of nations is shaped not only by the decisions of those in power, but also by the ideas, negotiations, and competing interests that inform them.

It gives me immense pleasure to welcome you to TARANG MUN 2026, where the study of history and political thought meets the practice of diplomacy. This conference offers you an opportunity to move beyond the pages of textbooks—to examine geopolitical realities, explore differing national interests, and understand the delicate interplay between sovereignty, cooperation, and diplomacy.

As you assume your respective portfolios, I encourage you to approach each debate with historical awareness, political insight, and a willingness to engage with perspectives beyond your own. Whether you are a seasoned delegate or stepping into the world of MUN for the first time, let curiosity guide your preparation and conviction lend purpose to your participation.

May these two days offer you more than stimulating debates and meaningful resolutions. May they broaden your understanding of the political world, strengthen your confidence in articulating ideas, and leave you with a deeper appreciation of the intricate art of diplomacy.

Debate with purpose, negotiate with wisdom, and let your ideas shape meaningful possibilities.

Warm regards,
Ms. Farheen Anjum
MUN Co-Coordinator
JMD World School, Kanpur

MESSAGE FROM THE SECRETARIAT

Esteemed Delegates, Respected Faculty Advisors, and Distinguished Guests,

We extend our heartfelt welcome to you all to TARANG MUN 2026 at JMD World School, Kanpur. Every conference begins with a vision, but it acquires meaning through the people who bring that vision to life. TARANG MUN offers young minds an opportunity to move beyond familiar viewpoints, engage with questions of global significance, and experience the intellectual rigour that thoughtful deliberation demands.

We invite you to approach this conference with both ambition and a sense of responsibility. Let your research be meticulous, your arguments well-founded, and your negotiations guided by purpose. The essence of diplomacy lies in the patience to consider opposing viewpoints, the maturity to reconsider, and the willingness to seek common ground even when disagreements seem insurmountable.

We extend our best wishes to all delegates and express our sincere appreciation to the faculty advisors and accompanying teachers for nurturing the curiosity, confidence, and commitment that bring students to platforms such as this. Their encouragement plays an invaluable role in making such experiences possible.

We look forward to two days of meaningful deliberations, intellectual openness, mutual respect, and enthusiastic participation. May TARANG MUN 2026 prove to be an intellectually enriching and personally rewarding experience for every participant—one that continues to inspire long after the final committee session concludes.

With sincere regards,
The Secretariat

The Red Sea links the Mediterranean and the Indian Ocean through the Suez Canal and Bab al-Mandeb.

TRADE UNDER THREAT

Attacks endanger seafarers and raise insurance and transport costs.

ESCALATION RISK

Regional and external powers can be drawn in, and defence partnerships can widen a conflict.

TWO HORIZONS

Weigh immediate protection against the longer-term conditions for de-escalation.

Civilian shipping · Freedom of navigation · Missile & drone threats · Humanitarian consequences · Regional diplomacy · Defence partnerships

01 How can maritime traffic be protected while avoiding an expansion of hostilities?

LAW VERSUS DAILY LIFE

Guarantees on paper do not always reach everyday life, as statutory, customary and religious systems operate side by side.

LAND AND LABOUR

In parts of Sub-Saharan Africa and the Sahel, women do substantial farm work yet face obstacles to owning, inheriting or keeping land.

MOST AT RISK

Widows and daughters are especially vulnerable to dispossession after a death in the family.

Works with countries to reduce poverty, strengthen governance and build resilience; established in 1965.

PEACE IS NOT RECOVERY

The formal end of violence does not automatically restore public trust or working institutions.

FRAGILE FOUNDATIONS

Ministries may lack staff and systems, public finances can be weak, and illicit economies fill the gaps.

AID AT RISK

Funds fail when poorly monitored or diverted by corruption.

WHAT WORKS

Transparent budgets, accountable procurement, credible oversight and inclusive opportunities, not one-size-fits-all fixes.

Rebuilding institutions | Financial controls | Corruption risks | Essential services | Legitimate livelihoods | Auditable aid | Digital tools with safeguards

01 How can aid reach communities without being captured by corrupt networks?

02 What minimum institutions and financial controls should be restored first?

03 How can transitional governments formalise livelihoods without punishing vulnerable populations?

04 What indicators would demonstrate that reconstruction is inclusive, transparent and sustainable?

✦ *Promise less, audit more: a reform nobody can trace is a reform nobody will trust.*
